The Newsletter of SAGE of South Florida

"SENIOR ACTION in a GAY ENVIRONMENT"

APRIL 2006

## THANK YOU

Well, as we prepare to gather together all the columns and advertisements for our April issue, your editor sits at his computer wondering what to do about the first page. As you must all be aware, the first page is always reserved for the President's monthly message.

Last month, outgoing President, Larry Silberhorn, wrote his last column and bid us all a fond farewell. This month as we go to press, the new Board has not yet been elected and the officers of SAGE of South Florida, Inc. have not yet been elected by the Board. Talk about lame ducks. Until we can all look forward to the new President's message next month, allow me to reflect a moment on some of the outgoing Board Members.

Besides Larry, Bob Tomasulo is also leaving us. Bob, a past President, has served on the Board for almost as long as we have been an organization in South Florida. For the past several years he has been head of the Education Committee. In that capacity, he has provided us with our monthly guest speakers and has kept us informed of health and social issues of interest to senior citizens, gay senior citizens in particu-

lar. Bob has graciously agreed to continue as head of that committee. Thank you, sir.

Also leaving the Board is John Gearrity. How we will miss him. Not only did he plan our monthly, very popular events, but he ran our monthly movie and kept us informed of what entertainment was available in our community, via his "Curtain Up" column in the Newsletter. As his health improves, John too, has agreed to continue serving on some or all of these committees. We pray that his health will steadily continue to improve.

Last but not least, we mourn the untimely passing of Vice President Rick Carlone.

We will soon have a new Board of Directors. If SAGE is to continue to grow and flourish, I urge you all to step in there and get

involved. If you don't, the best organization in South Florida, serving the senior gay community, will be just a fond memory. If that happens, I know that for me, it will mark the end of my extended family. Please take pleasure in volunteering.. ■

I love you all!!  
Hank Brooks, Editor
