

# THE SAGE / PRIME GENTLEMEN MONTHLY MOVIE

After more than 30 years of service as one of the Navy's top aviators, Pete "Maverick" Mitchell is where he belongs, pushing the envelope as a courageous test pilot and dodging the advancement in rank that would ground him. Despite many achievements, repeated insubordination has kept him from [flag rank](#).

The Navy has been tasked with destroying an unsanctioned [uranium enrichment](#) plant, located in an underground bunker at the end of a canyon, before it becomes operational. Maverick devises a plan, but instead of participating in the strike, he is to train an elite group of Top Gun graduates

The mission parameters are relaxed, so they are easier to execute, but make escape much more difficult. Maverick makes an unauthorized flight through the course, proving that it can be done. And Maverick is reluctantly appointed team leader. Maverick must confront the ghosts of his past and his deepest fears, culminating in a mission that demands the ultimate sacrifice from those who choose to fly it.
