SAGE NIGHT OUT

Ed Slough

Join us **Wednesday, February 25th**, when SAGE is having an informal dinner at **Tropics Grille**, 2000 Wilton Drive, Wilton Manors. Drinks and cocktails will be from **5:00pm to 5:30pm**, with "Happy Hour" prices at the bar, and dinner at **5:30pm**. Tropics has offered SAGE all dinners at half-price

on Wednesday for **SAGE and our guests only** to make the evening less crowded and to provide better service than is possible on their normal half-price Mondays. You need not be a SAGE member to attend.

All are welcome, including our friends from Prime Gentlemen.

You can check out their menu at: <https://tropicsgrillefl.com/menu/>.

This is an event for friends to get together and celebrate the ability to socialize in person once again. It should be a good time for all. Please email me to let me know if you plan to attend so I can give Tropics a heads-up.

My email is: wildhybrid@aol.com. Thanks!

Join your SAGE and Prime Gentlemen friends for the monthly *Early Bird Dinner*. The event for February will be at **The Ambry German Restaurant, 3016 E Commercial Boulevard, Fort Lauderdale, FL 33308, on Wednesday, February 11th, at 5:00pm**. Ambry has an extensive "early bird menu" with three course meals including soup or salad, entrée, dessert, and coffee or tea. And their classic French Onion Soup is one of the available choices. The quality of the food is excellent, the portions are generous, and the prices of the specials are really good – which makes this a good choice for the "Early Birds. This event was inspired by Chicago Patrick. Please notify me if you would like to attend this dinner so I can notify Ambry: wildhybrid.aol.com.

I hope you can join us on Wednesday

NOTES FROM THE MEN'S DROP-IN

Jefy Gaines

Be our Valentine ♥

February is mostly in an Aquarius Sun, which means it will be a creative and artistic period, free thinking for most of the month, and an air sign, the 11th house, ruled by Saturn and Uranus, so there will be progressive, original, independent, and humanitarian thinking. Fun with friends. Fighting for good causes. And, if we're lucky, the end of the month is on the cusp of Pisces, a smart, gentle, and caring period.

SAGE of South Florida and Prime Gentlemen offer many, many activities and events for our community. Join us every Wednesday at the Drop-In, 12:30 PM East Coast time. People trickle in, and we schmooze and cross-talk until 1PM, then we have announcements of upcoming events, and then some sharing about what's going on in our lives: movies, dinners, family, feelings.... We close with a little kibitzing and jokes. Sometimes comical, sometimes not so much, moaning is permitted, and always good, spirited fun. All are always welcome.

Zoom Meeting ID: 275 139 4844 Passcode: 076609

PS. There is great potential for outreach to our Community through Zoom and in-person and hybrid meetings. We are looking for Volunteers interested in learning the hybrid set up, with Zoom.

SOCIAL SQUAD

Michael Gagne

Every month, the deadline to write this column comes early so that it can be edited, proofread, formatted for the newsletter, sent to the publisher, and then sent to the printer. Because of that timeline, many of the events from the previous month haven't happened yet – but I absolutely wanted to highlight just how top-tier our Holiday Party at the exclusive **Tower Club** truly was. The views were breathtaking, the food was top-notch, and the bartender poured generously. It was one of the better holiday parties I've enjoyed in a long while, and I hope everyone else felt the same. Next year, we plan to open it up to even more members and guests - I hope you'll join us!

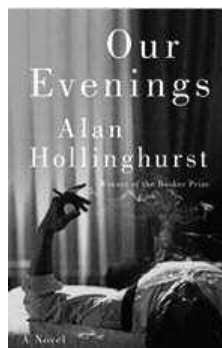

Looking ahead, please join us on **February 3 at 12:30 PM** for our Rosie's Lunch Meet-Up - everyone is welcome! Rosie's is a classic diner renowned for its friendly atmosphere, generous portions, and comfort food favorites. It's the perfect spot for an easygoing lunch and great conversation.

We're also excited to return to **Aquaplex (formerly LIPS)** for a **Valentine's Brunch** on **Sunday, February 15, at 11:30 AM**. Aquaplex is known for its lively entertainment, energetic vibe, and crowd-pleasing brunch experience. This is a fun way to kick off 2026 with friends, laughter, and plenty of sparkle. The inclusive price is **\$64.00**, which breaks down to **\$49.95**, which includes a great brunch selection, unlimited champagne, mimosas, and Bloody Mary's – plus **tax** and the customary **20% gratuity** for large groups. It's an incredible deal for such a fun event that only comes around once every five years.

Finally, don't forget to sign up for **SAGE's Annual Membership Meeting** on **Saturday, March 21**, with cocktails at **12:30 PM** and lunch at **1:00 PM** at the much-loved **Tropical Acres**. Be sure to see the attached flyer for the delicious menu and pricing. At SAGE of South Florida, we work hard to keep event costs down and absorb rising food prices whenever possible - so our members can continue to enjoy quality events without the added burden.

SAGE/PRIME GENTLEMEN BOOK DISCUSSION GROUP

Paul McNamara

This month's selection for discussion is ***Our Evenings*** by Alan Hollinghurst.

Dave Win is thirteen years old when he first goes to stay with the Hadlows, the sponsors of his scholarship at a local boarding school where their son, Giles, is his contemporary. For Dave, this weekend, with its games and challenges and surprising encounters, will open up heady new possibilities, even as it exposes him to Giles's envy and violence. As *Our Evenings* unfolds over half a century, the two boys' careers diverge dramatically: Dave, a gifted actor struggling with convention and discrimination; Giles, an increasingly powerful and dangerous politician.

Our Evenings is Dave Win's own account of his life as a schoolboy and student, his first love affairs in London, and on the road with an experimental theatre company, and of a late-life affair that transforms his sixties with a new sense of happiness and a perilous security; but it is also, very movingly, the story of his hard-working widowed mother, whose own life takes an unexpected new turn after her son leaves home.

Both dark and luminous, poignant and wickedly funny, Alan Hollinghurst's new novel gives us a portrait of modern England through the lens of one man's acutely observed and often unnerving experience. It is a story of race and class, theatre and sexuality, love and the cruel shock of violence, from the finest writer of our age.

"Our Evenings" will be discussed at the next meeting of the Book Discussion Group, to be held on **Saturday, February 28 from 11:00 AM to Noon at the Stonewall Library, 1300 E Sunrise Boulevard, Fort Lauderdale**, and simultaneously on Zoom. (Meeting ID: 275139 4844 and Pass Code: 076609)

MARCH MEETING:

The selection for the March 28, 2026, discussion is: ***"Nightwork"*** by Joseph Hansen.

Lunch and Learn is held the **first Saturday of the month, 12:30pm**, at the Herb Skolnick Community Center. **RESERVATIONS ARE REQUIRED. Please see the enclosed flyer for more information.**

A Promising Future for Heart Health

Focusing on **early identification** in babies of genetic links to the development of high blood pressure by age 30, you could modify that child's diet to prevent high blood pressure. **Prevention** as early in life as possible could make an enormous difference in reducing cardiovascular disease, which remains the most common cause of death in adults worldwide. Instead of waiting, measures are available to identify and prevent the development of high blood pressure, high cholesterol, or diabetes in the first place. Genetic tests for profiling heart disease risk scores are available now and affect heart health at every stage of life—from birth to old age. It is never too early or too late to start. Discuss with your healthcare provider, regardless of the stage of life you are in, your risk for developing heart disease, genetic and other testing, prevention measures you should be taking, and treatment for those who already have heart disease. For people who already have heart disease, medications that lower blood pressure and cholesterol are an important part of avoiding future heart problems.

The **Broward Heart Project** (HeartProject@Broward.org) evaluated seven thousand people who had no symptoms. Of that number, four thousand needed help ranging from medication to stents to open heart surgery. A CT scan of the heart was performed on people between the ages of 45 and 70 who had one qualifying condition: high blood pressure or high cholesterol or diabetes or history of smoking, or family history of heart disease. The test is a lifesaver and free to Broward County residents. The program was resumed on December 10, 2025, is spearheaded by the Cleveland Clinic, and funded in part by the Florida Panthers Foundation.

Targeting Inflammation – the artery-damaging process that leads to a heart attack--in June of 2023, the FDA approved the anti-inflammatory drug colchicine—commonly used to treat gout— for people who have or are at elevated risk for heart disease. Colchicine lowers the risk of heart attack and related problems by 30%. There will soon be a whole new battery of anti-inflammatory drugs.

Cardiac cell therapy is directed toward repairing damaged heart muscle. Research continues on injecting stem cells to regenerate heart muscle and encourage blood vessel growth.

Many hundreds of people die each year waiting for a heart transplant. **Transplanting pig hearts**—humans and pigs have comparable size—shows promise for people with end-stage heart failure. People with advanced heart failure, while waiting for a heart transplant may receive an **improved left ventricular assist device (LVAD)**.

THE SAGE/PRIME GENTLEMEN MOVIE

PLAINCLOTHES is a 2025 romantic thriller. Set in 1990s New York, a working-class undercover police officer is tasked with entrapping and apprehending homosexual males cruising for sex, only to find himself drawn to one of his targets. He defies professional orders when he falls in love. This tension-filled coming out story, *Plainclothes*, showcases the perils of love and the effects of isolation. *Plainclothes* is a heart-felt love story that

deals with internal conflict, family, and the complexities of sexual identity in the face of societal and personal expectations.

The story has echoes of human rights group *OutRage* protesting against the Metropolitan Police over their entrapment of gay men in the 1990s—a world before dating apps and legislation protecting gay rights. Last year, the Metropolitan Police finally admitted to “failings of the past”. The protagonist of the film, Lucas’s professional betrayal of other gay men, reminds the viewer of the deep self-loathing gay men were still made to feel during the Clinton administration. This was the era of the “Defense of Marriage Act” and “Don’t Ask. Don’t Tell.” policy that demanded LGBTQ+ people in the military keep their identities secret. *Plainclothes* saves its best scene for last when a family dinner whirls off in an unexpected direction following the discovery of a letter. The fallout powerfully shows the consequences of such institutional repression.
